atmosphere in the

St. Thomas. The second largest of the three major U.S. Virgin Islands is action-packed with sunning, sightseeing and shopping possibilities. The panoramic views from Skyline Drive, St. Peter Great House, and the lush beauty of nearby St. John are just a few of the attractions.

Tortola. The largest island of the British Virgin Islands, is a peaceful getaway for nature lovers. Tortola is Spanish for "Land of the Turtle Dove," so named for the shape of the island. Characterized by rugged mountain peaks, white-sand beaches, banana trees and clusters of palms, this sailor's paradise has a distinct nautical charm and West Indian flavor.

St. Lucia. As in so many of the Caribbean Islands, sugar played an important role in the development and culture of St. Lucia. On this comprehensive, half-day tour, you'll step back in time and visit the lovingly restored La Sikwi Sugar Mill, as well as Caribelle Batik and St. Marks colonial house.

Barbados. Mountain biking is a fun and exciting way to enjoy the natural beauty of the undulating Bajan countryside. Harrison's Caves is a magnificent natural phenomenon, quite in a class of its own. Formed from a particularly beautiful type of crystallized limestone, this stunning cavern is undoubtedly one of the most spectacular natural attractions in the entire Caribbean.

Antigua. Elements that led to British naval facilities occupying Antigua in 1784, are today the key attractions to this leading resort destination. The coral reef that thwarted enemy ships is presently a diver's paradise. The winding coastline, once difficult to navigate, is now miles of sandy, secluded beaches and coves. In addition to its impressive nautical history, Antigua boasts a different beach for every day of the year.
